ABN Fees	Effective July 1, SC will no longer recognize products as Alternate Brand Names, and the full registration fee must be paid for all products. Since we do not anticipate another KPRS-Gold update to be released between now and July, we have removed the ability for the system to calculate \$0 for ABN's in SC at this time.
Company Screen	The company type of LLC has been added to the list of available choices. Note, at this time, no forms have been updated to accept the new change. Future enhancements will update the forms as necessary.
